Smiggins Grab Softball League First Place

By John D. Schofield

Smiggins continued their grip on first place in the county softball league with two more victories in last week's action. With their 12-0 win over AuSable, Smiggins moved into second place, trailing the leaders by half game. The game went eight innings. Chevrolet is all alone in fourth place, as they split last week with 12-0 over AuSable. Smiggins' victory over AuSable was a 12-0 shutout. The game was a walk-off victory for Smiggins. Crash Occurs Saturday Evening

A Flint man was fatally injured last Saturday evening in an accident on the North Downriver Road just outside of Grayling. The victim was driving a 1958 Chevrolet. The car was traveling south on the road when it struck a large tree. The driver was killed instantly. The car was a total loss.

Man's Greatest Dream Has Come True

One of man's greatest dreams—the dream of a better life—has come true for a man from Grayling. He has won the Michigan State Lottery. He has won a large sum of money. He has won a new life. He has won a better future.

New Item Added To Surplus Foods

Families receiving surplus food in Crawford County will find dried eggs added to the list of food available at the Welfare Office on July 20, 1959. Mrs. Ruth Bidvia, Director, said today that the dried eggs will add valuable protein to the diets of families receiving them.

The eggs were donated to Michigan by the U. S. Department of Agriculture as the result of a recent purchase program for surplus removal purposes. Mrs. Bidvia said the eggs were dried under a process developed by the industry in cooperation with the U. S. Department of Agriculture. This is the first time this product has been distributed to needy families, although dried eggs of this type have been available previously for school lunches.

The dried eggs are easily reconstituted, Mrs. Bidvia said, by mixing with water. They can be used in a variety of ways. They can be used in a variety of ways. They can be used in a variety of ways.

Indiana's National Guard Arrives Here On Saturday

Indiana towns as Evansville on the Ohio River will leave their homes Saturday as early as Friday morning, spending Friday night en route at Michigan National Guard armories. Most convoys are expected to reach Camp Grayling over the weekend of July 25 and 26.

The men of the Cyclone Division will find many improvements and additions at the sprawling military center and at the Grayling McNamara Air Base as well as on the several target ranges. The military training center has been greatly enlarged and improved since 1955 when the Hoosiers last were encamped here.

As usual, the Guardsmen will face a heavy two weeks of work and training in the field, plus night maneuvers during their second week in camp. Plans have been completed also for a review of the troops by Indiana's Governor and other dignitaries on the weekend of July 25 and 26.

The equivalent of a state police sub post will be set up at Camp Grayling, as in recent years. There will be a corporal and four troopers assigned to direct Guard traffic across highways to artillery ranges. Troopers will be quartered and fed with military police. Their state police radio will be operated by a military policeman to allow the troopers to spend maximum time on traffic duty.

Guard Officers Discuss 1959 Camp Plans

Plans for 1959 annual active duty training at Camp Grayling were discussed at a meeting of 48th Infantry Division commanders last Tuesday night at the Lansing Artillery Armory. Major General Ronald D. McDonald, Adjutant General of Michigan, Major General Gordon A. MacDonald, Detroit, Commanding General, 48th Infantry Division, and Brigadier General Carson R. Neifert, The Quartermaster General of Michigan, briefed the commanders on current preparations for the annual encampment of the 48th Infantry Division.

In addition to field training matters, General McDonald told the commanders of the new pay scale for Federally paid Army National Guard technicians. The technicians will receive more than \$37,000 in retroactive pay in addition to increase under the new pay scale.

General Neifert told the assembled officers about the new facilities that will be available at Camp Grayling for this year's training. The facilities will be a great improvement to the camp. They will be a great improvement to the property.

Kiwanis Club Notes

The Monday night meeting of the Kiwanis Club of Grayling was held at the Bear Lake camp of the Boy Scout Council of Bay City. The club members were the guests of Fred Beckman and the other Scout executives.

Each year since the camp was launched at Bear Lake, the club has been guests for a weekend. This year's meal was enjoyed in the dining hall with each club member accompanied by a Scout. Although no program was held, the club members arrived at the camp in time to witness the flag lowering ceremony performed by the Scouts.

The occasion also marked an interclub meeting with Crystal Lake Club as former Grayling Kiwanians John Macdonald and the meeting with four other members of the Crystal Lake-Benzonia Club.

Two exhibition softball games are slated for Saturday night, July 25th and the other on Sunday afternoon, July 26th. They will be played at the softball diamond at the Grayling Memorial Recreation Area. A total of \$25,000 of Federal funds is financing the construction of the new facilities at both Camp Grayling and Grayling Army Air Field.

Camp Grayling New Facilities On Schedule

Construction of new housing and maintenance facilities at Camp Grayling and Grayling Army Air Field is progressing on schedule, according to Major General Ronald D. McDonald, The Adjutant General of Michigan. Work on a new classroom for the Michigan National Guard Officer Candidate School is 50 percent completed and construction has begun on a new mess hall and tank maintenance shop at the air field. The Adjutant General reported following an inspection visit to the Guard training site.

At Camp Grayling, work is under way on three bathhouse buildings and 19 new concrete tent floors. The Maintenance shop at the air field will be used to repair some 70 tanks stored at the concentration tank for use by Guard tank units during field training.

A total of \$25,000 of Federal funds is financing the construction of the new facilities at both Camp Grayling and Grayling Army Air Field. The facilities will be a great improvement to the camp. They will be a great improvement to the property.

On the same northern trip General McDonald and Colonel Jay I. Nowlen, United States Property and Fiscal Officer for Michigan, paid an official visit to Illinois Air National Guard units currently training at Phelps Collins Air National Guard Base, Alton, Ill. The Illinois Air Guardsmen return home Saturday as members of the 11th Fighter Group of South Dakota move into Alpena for their two weeks of training.

PLAN TWO SOFTBALL EXHIBITION GAMES

Two exhibition softball games are slated for Saturday night, July 25th and the other on Sunday afternoon, July 26th. They will be played at the softball diamond at the Grayling Memorial Recreation Area. A total of \$25,000 of Federal funds is financing the construction of the new facilities at both Camp Grayling and Grayling Army Air Field.

Clashing will be Smiggins of the Crawford County Softball League and Twin Lakes Independent of the Muskegon City League. These two teams met here last year in two games splitting the two wins. Twin Lakes blanked Smiggins 8 to 0 in last year's Saturday night contest with Smiggins taking a 4 to 2 decision in the Sunday afternoon game. Elmer Kell, former Grayling and Frederic resident is the catcher for Twin Lakes. He reports that the same lineup as last year will take the field for the invasion. Among their outstanding players are: J. Press and D. Moran, better than average pitchers; Ted Soreman, a hard hitting right fielder; Ted Krueger, third baseman and J. Townsend, shortstop.

Smiggins have also slated a game with the Roscommon Softball team. It will be played at the Grayling Memorial Recreation Area diamond on Wednesday night, July 22, at 8 o'clock.

Episcopalians To Have Outdoor Services

Next Sunday, for the second time this summer, the congregation of St. Francis' Episcopal Mission is planning an outdoor service on the site of their future church building just west of town on M-72.

The service is scheduled for 9 A. M. and the Reverend Colin Campbell, vicar of St. Francis', has asked the members to attend in clothes suitable for the work. The service will be a great improvement to the camp. They will be a great improvement to the property.

Dallas Is Big And Booming

From a single cabin on the banks of the Trinity River to an internationally famous city, this is the colorful history of Dallas. The city was born when John Neely Bryan, a Tennesseean, came from Arkansas in 1841 to investigate the possibilities. He liked what he saw, and so have hundreds of thousands since. Dallas is now the home of some 642,000 persons, half again as many as the 1950 census figure—and the city is still growing.

Dallas is affectionately known as "Big D" throughout the Lone Star State. It is big, booming and prosperous. The nation's largest inland cotton market and one of the leading spot cotton market centers of the world. Dallas' cotton market activity centers around Dallas Cotton Exchange, the largest building in the world devoted solely to the buying and selling of cotton. The city is surrounded by highly productive farmlands since Dallas is one of the nation's largest blackbelt lands.

Other important industries include publishing, production of food products, cotton gins, grain elevators and farm implements. The city is the Southwest's top convention center. Last year, Dallas played host to 2,533 separate conventions and this year promises to be even bigger, with 149 national and international conventions already scheduled.

Legislature Faced Hot School Issue If It Hadn't Been For Tax Fight

IF THE 1959 LEGISLATURE had not had a tax squabble this year, by far the hottest issue of the session would have been schools — especially the Little Red Schoolhouse.

The question of providing a school aid formula for Michigan's more than 2,300 school districts was debated in party caucus sessions, in committees and on the floor of both houses.

It was put aside temporarily in the Senate to become a final order of business.

The Senate, however, made quick work of a controversial House-approved bill to force consolidation of districts not having high schools. The bill was shelved in the Senate Education Committee.

Michigan has a basic pattern of school district organization that Lynn M. Bartlett, state superintendent of public instruction, said was "established in the middle of the 19th century to meet the needs of a pioneer society and a frontier economy."

Bartlett was primary backer of the bill to require all districts to operate kindergarten through 12th grade programs by July 1, 1962. The districts not now having a K-12 program would have a choice of annexation or consolidation if they did not choose to run their own high schools.

Opponents of the measure said it would "give Bartlett's office powers of a dictatorship."

The K-12 bill prompted the latest public hearing of the 1959 session March 18. It passed the House by a 66-36 vote late in May.

One-room schoolhouses are fast fading from Michigan.

In the 11-year period ending in 1957, the total number of school districts had been cut in half, according to a study by the Citizens Research Council of Michigan.

"It appears that those districts which are too small to offer a desirable range of educational opportunities are gradually disappearing from the Michigan scene, but far too many of them still exist," the council said.

FIGURES SUPPLIED BY the Citizens Research Council of Michigan show Michigan 10th among 48 states in combined state and local expenditures per

The Grayling Branch of the Reorganized Church of Jesus Christ held their annual business meeting June 22 at the church. Elder Merle Herford was in charge. Elected for the coming year, are: President, Jay Doty, manager of your Fuelgas Co.; Elder Roy Newberry to assist until Mr. and Mrs. Doty are moved into their new home in our city. Church School Director, Mr. Leonard Jensen; Treasurer, Norval Stephan; Secretary, Mrs. Carl Olson; Youth Director, Mrs. Bernard Fowler; Musical Director, Mrs. Searles Vandenberg; Women's Leader, Mrs. Norval Stephan; Young Adult Leader, John Stephan; Historian and Publicity, Mrs. Dan Babbitt; Book Steward, Mrs. Theodore Stephan; Building Committee, Clarence Holcomb, Earl Mathewson and Theodore Stephan; Solicitor, Dan C. Babbitt; Librarian, Mrs. Earl Mathewson; Custodian, Mrs. Earl Mathewson; Recorder, Mrs. Clarence Holcomb; Auditors, Mrs. Ace Lehn and Clarence Holcomb.

The four Church Branches: East Jordan, Boyne City, Gaylord and Grayling have been holding pre-reunion services. Sunday the 7th was at Boyne City. Those attending from Grayling were Mr. and Mrs. Norval Stephan, Mr. and Mrs. John Necht, Mrs. Bernard Fowler and Mrs. Dan Babbitt. Sunday, July 14th will be the last service and East Jordan has that date.

The Northern Michigan Reunion will start July 18 for a week at the Park of the Pines, four miles north of Boyne City. A wonderful experience with your vacation, on a beautiful lake. The food is wonderful. \$10.00 will feed you for the week. For information, call Mrs. Dan Babbitt.

The Church (our branch) was happy to have several of our youth attend the Youth Camps held each summer at the Park of the Pines. Nancy Stephan and Brian Ashton attended the Senior High; "Butch" Jensen, Betty and Jeanne Vallad attended the Junior High. Young John Stephan, a teacher in the priesthood, was one of the counselors at camp.

The little church will be closed on Reunion Sundays, July 19 and 26.

pupil for local schools. The Michigan expenditure of \$403 was \$42 or 11.6 more per pupil than the 48-state average.

The council also noted Michigan spent \$36.63 per \$1,000 of personal income on combined state-local expenditures for local schools.

The \$36.63 figure was \$4.23 or 35.5 per cent more per \$1,000 of personal income than the 48-state average.

Other figures supplied by the Research Council showed that the University of Michigan and Michigan State University had higher undergraduate tuitions for resident students in the 1958-59 academic year than all other publicly controlled Big Ten Universities except Ohio State.

MSU charged \$255 and the U of M \$250, compared with the next highest, Purdue at \$225. Ohio State was at \$270.

MICHIGAN'S ONE-MAN GRAND JURY system won its fight for life in the Legislature this year.

The Senate Judiciary Committee tabled a House-approved bill to repeal the one-man jury system.

When Gov. G. Mennen Williams signed the present grand jury system into law in 1951 he said he felt the Legislature had made an apparently substantially effective effort to remedy the defects of the one-man grand jury system and to prevent further abuses which brought the institution into disrepute in the past.

Michigan's present law is a modification of the statute used in the famous Carr-Sigler grand jury investigations in Lansing involving legislators and lobbyists.

The juror was Circuit Judge Leland W. Carr, now a state supreme court justice. The late Kim Sigler, who later became governor, was the prosecutor.

One of the key figures in a slaying believed to be linked with the Carr-Sigler grand jury is dead.

When Pete Mahoney, Southern Michigan Prison inmate, died at the University of Michigan hospital Warden William Bannan said he was convinced Mahoney knew nothing about the 1945 murder of State Senator Warren Hooper, a grand jury witness.

Mahoney was sentenced for robbery, but Sigler was hopeful he would one day give a clue to the unsolved Hooper slaying.

Letters To The Editor

July 8, 1959
Editor, Crawford Co. Avalanche

Dear Sir:

Is this fair or sensible? House Trailer Storage?

In Grayling you can let your unlicensed dog run at large or run up and down the street barking any time day or night.

You do not have to remove the snow from your side walk causing the children to walk in the street four or five months of the year endangering their lives with each step.

You can have any amount of old junk cars sitting in your yard.

You can have your old tar paper fish shanty sitting in your back or front yard, which ever you prefer.

You can pitch any kind of an old tent any place you please on your lot.

But if you should happen to buy a nice little house trailer to use on your vacation, you can not store it in your back yard. You can get a permit to keep it in your yard for two weeks for a \$5.00 fee or you can store it at the sewage disposal plant with out charge at your own risk.

I think it is time that this ordinance was amended and this foolish part removed.

This is certainly infringing on a person's rights.

You have my permission to print this letter.

Thank you
Ralph M. Baker

"FREE" Medicine In Orbit . . .

Socialized medicine, as practiced in England and elsewhere, is allegedly "free" medicine. It's true that the patient doesn't pay his bill out of pocket each time he obtains medicine service. But he pays, and through the nose, when tax time rolls around.

Here are some facts of record concerning Britain's National Health Service—the government department which has charge of medical care in all its manifold branches.

In the first full year of operation—1949-50—the so-called "free" health service cost 440 million pounds to operate, which was nearly triple the amount of the estimate when the law was passed. Of this sum, only 5 million pounds were paid by patients, and 28 million from social security deductions. The government that is, the taxpayers—paid all the rest.

In 1958, the cost really zoomed into financial outer space—to 705 million pounds. This means that the service was costing each British family an average of \$140 a year. Matters had reached the point where the Chancellor of the Exchequer—the British equivalent of our Secretary of the Treasury—told the House of Commons at the "free health service, whatever it may be doing to the health of Britons, is leaving the Treasury gasping."

This year the service is going to cost more still—nearly 740 million pounds, or \$2 billion. And Britain is a smaller population than the United States, and all taxes and costs are much lower there than here. The tentacle socialized medicine bill, should we ever fall for the scheme, makes the imagination reel.

Double-Belting . . .

The Detroit, Michigan, Free Press, in an editorial opposing the bill authorizing the Tennessee Valley Authority to issue revenue bonds to finance expansion of its electric power system, has this to say about public power in general: "Really, it's a double-belted of the taxpayer—for not only does he subsidize the users of public power electricity by covering much of the cost, but like the private utility the public power operation takes no tax contribution of its own to the public treasury. The other taxpayers have to make up for it, too."

Moreover, Michigan people—like the people of other states—are getting restive about public power at additional grounds. For, as the Free Press points out, TVA "has cost Michigan jobs as well as dollars."

Cheap power—made possible by direct and indirect subsidies of all the taxpayers—was a factor in causing an auto manufacturer to locate a plant in the TVA area. That plant will provide 2,500 jobs—which, otherwise, might have gone to Michigan people.

What is true of this state is true of the rest. The nation's taxpayers have actually put up close to \$2 billion to finance TVA's socialized power monopoly. Here's a classic example of robbing Peter to pay Paul.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE
FILES OF THE AVALANCHE OF 33 YEARS AGO

July 16, 1936

Sunday, July 12, Mr. and Mrs. Charles B. Johnson celebrated the fiftieth anniversary of their marriage, and many of their friends made the occasion happier by dropping in at their home during the day. Mrs. Johnson, whose maiden name was Hansine Hanson, was born at Nestved, Denmark, June 18, 1866, and came to this country with her family when she was only 14 years of age, and they settled in Manistee. Born at Gottenborg, Sweden, in 1855, Mr. Johnson came to America in 1872 with his family, and at first they settled in New York and then in Pennsylvania. He first came to Michigan in 1883 and made his home at Manistee. The couple were united in marriage July 12, 1886, at Manistee. The Rev. J. J. Hansen officiating. Mr. Johnson at that time was a log driver at one of the large lumber camps which were in their prime at that time. However, shortly after their marriage they came to Grayling and took over the old Manistee Hotel, now the Fischer Hotel, which they operated for one year, leaving here they returned to Manistee where they made their home for two years. In 1892 they moved to Lewiston and built and operated a hotel, which later on was destroyed by fire. Mr. and Mrs. Johnson were the second family of settlers to make their home in Lewiston; residing there for twelve years. The family has resided in Grayling for 34 years, except for two years when they made their home at Alpena. Mr. and Mrs. Johnson are happy to have with them at home their daughter Mrs. Mollie Bosworth and two sons, Carl and Clarence Johnson.

George Schable, official recorder of the weather at the military reservation, reports the following temperatures during the recent heat wave: July 7, 110 degrees, July 8, 102, July 9, 100, July 10, 100, July 11, 104, July 12, 104, July 13, 102, July 14, 98. In the 40 years that the records have been kept at the reservation, Mr. Schable reports this as the longest stretch of warm weather at any one time. June 1, 1934, it registered 108, but that was one day only and in June more than 20 years ago there is 108 recorded, but it does not give the year. Not even Lake Superior's shores could provide a comfortable spot. Not until Tuesday evening of this week did we get any relief.

Looks pretty natural to see Jens Ziebell draped over the counter of the Coninee Grocery store, Mrs. Harry Sorenson and children are visiting relatives and friends in Lansing and Detroit.

Mrs. Wesley LaGrow and daughter Cora Ann of Detroit are here visiting her parents, Mr. and Mrs. Arnold Burrows, coming to get away from the sweltering heat of the city. Mr. LaGrow accompanied them here and remained for the weekend.

John Law of Sarnia, Canada, who spent most of the summer at Lake Margrethe last year, has returned again for a sojourn, the guests of Mrs. Sarah E. Milne. Mr. Law's niece, Miss Frances Kane, also of Sarnia, expects to join him for a ten-day visit at the Milne cottage.

Mr. and Mrs. Richard Johnson of Detroit are visiting the latter's grandmother, Mrs. Neils Olson, and other relatives.

Miss Jean McDonald and Mr. and Mrs. Byron Allen of Toronto, Ont., were guests at the Oscar Hanson cottage at the lake for the weekend.

Mr. and Mrs. Benjamin Jerome stopped Sunday to visit Mrs. M. A. Bates, en route home from spending several days in the upper peninsula.

Mrs. Olaf Michelson of Detroit, accompanied by Mrs. Charles Galup, arrived Friday and will spend some time at the Michelson summer home.

Charles David of Flint spent the weekend here, accompanying home Mrs. David, who had been visiting her parents, Mr. and Mrs. E. E. Bugby.

Mrs. Adolph Peterson and daughters Natalie and Jennie are enjoying an extensive vacation trip to West Branch, Standish, Lake Leelanau and other cities.

Mr. and Mrs. Herbert Wolff and two daughters, Jean and Janet, Mrs. G. A. Robertson and Miss Patsy Donahue of South Bend, Ind., were guests of Mrs. H. W. Wolff over the weekend.

Mrs. Emory Mowbray and the Misses Frances Flachmann, Grace Leonard, Gertrude Bossick, Dorothy Holland and Otello M. Schels, of Detroit, were weekend guests of Miss Olga Nielsen at Mar-Ol-To. Mrs. Mowbray was formerly Helen Cook of Grayling.

At the annual school meeting Monday night, T. P. Peterson and James Mowbray were elected members of the Board of Education of Grayling School District.

No. 15—There was small attendance. A full report of the meeting will appear in an early issue.

The oil that was placed on the streets recently to keep down the dust has been a God-send the past warm, dusty spell. There was a certain amount set aside by our City fathers for the phrease of the oil and it was placed on streets that had the heaviest traffic. However Maple Street for four blocks was not treated to the oil as it is soon to be paved for that distance.

The Fire Department made three runs during the past week, but all three fires were of small consequence. Sunday, it was called to the Schreiner & Company where papers had become ignited from combustion; Tuesday to the home of Mrs. Minnie Benson, called as a precaution as an oil stove had become ignited; Wednesday noon the alarm was turned in from the Howard Smith residence. Fire resulted from a gas range but was extinguished before the fire department reached the home.

We believe it's about the first time in Grayling's history that folks found it necessary to make beds in the out-of-doors in order to sleep. It's been nothing to see beds, cots, etc., on porches and lawns the past ten days. During the summer Grayling could always boast of its cool nights, no matter how warm the day was, but this has not been the case the past 10 days, when there was little relief from the extreme heat even during the night. Most homes were so warm during the night that they were unbearable.

Mr. and Mrs. Marius Hanson of Grayling have returned to Grayling from a trip to Germany.

Mr. and Mrs. Harry McEvers are happy over the arrival of a son, George Eric, born Saturday, July 11. The little fellow weighed 8 3/4 pounds.

Timothy Feldhauser, son of Mr. and Mrs. Paul Feldhauser of down river, is a patient at Mercy Hospital where he is suffering from spinal meningitis. He is getting along as well as may be expected.

George Mussler, former employee at Milks' market, has returned from a three-months-trip to Germany and other countries in Europe.

Major M. J. Phillips, of Owosso, was a pleasant caller at this office Tuesday. He was here with the members of the State Military board. While here he was a guest of Mr. and Mrs. Charles Robinson, parents of his wife.

In the extreme heat of Tuesday afternoon, an alarm of fire was turned in No. 38, which was the fire department responded and found it to be a barn belonging to Peter Aebli. The building (Continued on Page 6)

A Place of Permanent Above Ground Burial

A COMMUNITY MAUSOLEUM
FOR THE ELMWOOD CEMETERY
GRAYLING, MICHIGAN

THE MAUSOLEUM

Final arrangements have been completed with the Grayling cemetery board for the construction of a Community Mausoleum in this city. The building will be as fine as money, art and science can build. The exterior walls will be of time defying Bedford Stone, the inner walls of hardest reinforced concrete and the interior will be finished in stone and marble. All metal work will be of copper and bronze. Since the first mausoleum was built in 353 B. C., which still exists for King Mausolus (from whence we get the word mausoleum) such improvement in building materials has been made, that a double walled structure such as this is almost indestructible. It is of such strength that after a few hundred years when present cemeteries are obscure and present grave markers are lost, leaning or fallen, this building will stand out little if any the worse for the time it has stood, as stone becomes harder with time.

PROGRESSIVENESS

A growing demand for the Community Mausoleum is shown by the fact that so many such structures have been and are being built. While this particular section of the country have a few at the present time, in many sections of the United States they are predominant. In the past the excessive cost has made this type of burial out of reach of the average man but now it is actually cheaper than the average ground burial.

OUR DUTY TO THE LIVING

Since the beginning of time it has been man's custom to reverence his dead and it becomes a comforting thought in any age to know that one has done all possible and has given his loved one the most suitable resting place which the present time has to offer. This building provides a place where families may lie side by side in snow white compartments, high and dry, above the ground where neither water, dampness nor cold can enter. Embalming has reached such a high state of perfection that if a body is kept dry it will retain its present condition for centuries to come. This was true in Egyptian burials because they buried where water and dampness was non-existent, however water or moisture quickly nullifies all of this.

To make provisions for a final resting place, which will be secure, ready, and one which cannot be molested, is not only a duty owed to our dead but is evidence to the living of our desire for their well being both now and for always. To put off arrangements until the time arrives is no better business than omitting other business transactions until the last moment. In the case of death the grief is so great and decisions so numerous that many regrettable and unchangeable mistakes are made.

THERE IS A BETTER WAY

From time immemorial it has been customary in Europe for families to select a final resting place for their members in advance of actual needs. This sensible practice has now become the custom in America among thinking men and women.

Death is no respecter of person or persons, and sooner or later every family must face bereavement. The average death follows a period of heavy expenses, often accompanied by loss of income. The insurance that was intended for the care of the loved ones or the education of the children is depleted and the family left in debt. A final resting place must be selected within a limited time, regardless of finances, weather, mental anguish or personal inconvenience. Frequently the choice has necessarily been left to a disinterested outsider and too often have such hasty arrangements been the cause of everlasting regrets. It is often true that these sad but absolutely necessary arrangements are hampered by lack of adequate funds or lack of time and mental poise for the exercise of one's best judgment. We consign the mortal remains to a shallow earthly grave over which we have scant control at present and probably none in the future. A drive through a cemetery which is no longer in use will show how quickly earthly burial is blotted out, the grave and stone obliterated.

Only when the mind is undisturbed by grief or financial uncertainty, can this important duty be disposed of calmly and intelligently. Every family deserves the protection which the ownership of Mausoleum space offers.

REASONS WHY YOU SHOULD SECURE SPACE

Because: The same business judgment demands it, that prompts you to save money, to carry life insurance and to make your will. Why not the same judgment when you consider and choose that which you think is best, an almost impossibility when a death occurs and the family's mind and judgment is racked with despair.

Because: Mausoleum entombment is a scientific and civilized, as well as a sentimental mode of caring for the dead. The only way to keep a body perfectly preserved after it has been embalmed is by keeping moisture and dampness away from it.

Because: At present the cost is no more and in most cases not as much as ground burial when a lot, monument, steel vault and other cemetery expenses are considered. The Building is the monument, far surpassing in size and beauty any other form of monument or memorial. Owners have free use of the interior of the chapel for funeral services, thereby avoiding rain, cold and snow.

Because: This mode of entombment is both reasonable and scriptural. Our Lord was laid in a rock hewn crypt and early Christians followed this custom. The wealthier class of people have used this type of burial almost exclusively for many centuries and most of our national heroes have been buried in stone tombs in mausoleums. Some of which include Grant, Lincoln, Garfield, Washington and McKinley. Modern mausoleums now make this type of burial in reach of almost everyone.

Because: When you place the familiar form of any of your loved ones in this memorial, it will be a great comfort to know that they are at rest in a clean, dry, place free from the disagreeable features of ground burial.

Because: Preparation is wisdom's cure for worry—the only cure Insuring the house does not prepare it to burn, but prepares us to live without worry as to the ever present possibility of it burning. Providing for mausoleum protection is not preparing to die, it is preparation to live without worry as to the ever present possibility of loved ones dying and being placed in damp cold graves.

Because: It is an investment. It cannot be damaged or destroyed and will be worth more in later years than it is now. Due to the fact that when a Community Mausoleum is built in a town this size, all space is contracted for before it is built; therefore space is limited to those who have bought, and cannot be used except by those, unless one of the owners desires to sell his or her interests.

THE INEVITABLE — FOR WHICH WE SHOULD PREPARE

If you desire to be prepared and assure yourself and family a permanent and clean resting place, you should inquire for particulars about the mausoleum to be erected in your city. The cost now is in most cases not as much as ground burial when all expenses are considered. Reservations should be made early because the amount of space is limited. In the event of death between the time of securing space and the completion of the Mausoleum, the expense of renting a receiving vault will be borne by the company. In the event anyone has relatives already buried in the ground and desires them space, arrangements can be made for the transfer.

WHERE WILL YOU PLACE YOUR LOVED ONES

You have the choice of only three modes of burial. Ground burial which means a cold, black, damp grave, Cremation in which fire blots out name and memory. Burial in a mausoleum with its dry snow white compartments of stone and marble. Which shall it be? Eventually you must decide.

This project is being financed and supervised by Mr. Harold Schreuer of Bay City, Michigan and Mr. Thomas Sisson of Midland, Michigan. Anyone desiring information, photographs, etc., please contact either Mr. Schreuer, Mr. Sisson or Mr. Carl Hanson of Grayling, Michigan who is the local representative for the Community Mausoleum. There will be no obligation whatsoever on your part for a detailed explanation of this subject. It will be an asset to you, to the cemetery and to the community.

o'clock P. M., Eastern Standard
Time, in the City Hall in said
City.

Present: Councilmen: Gothro,
Giegling, LaGrow, Knibbs and
McWilliams.
Absent: Councilmen: None.

The following preamble and res-
olution were offered by Council-
man Giegling, and supported by
Councilman LaGrow:

WHEREAS, the City Council of the
City of Grayling, County of
Crawford, Michigan, deems it nec-
essary to make certain street im-
provements to that part of Mich-
igan Avenue, a Major Street with-
in said City, which extends from
the intersection of said Michigan
Avenue with Park Street to the
intersection of Michigan Avenue
with the County Highway at the
North City limits, said improve-
ments to consist of the construc-
tion of a storm sewer, drainage,
grading, re-paving and the con-
struction of street curbs, in ac-
cordance with plans prepared by
R. S. Scott Engineering Company,

Inc. of Alpena, Mich.

AND WHEREAS, the City Council
has caused an estimate of the
cost of such improvements to be
prepared by said R. S. Scott En-
gineering Company, Inc., which
estimate is in the sum of Two
Thousand (\$2,000.00) Dollars,
AND WHEREAS, the City is
authorized to expend Motor Ve-
hicle Highway Funds allocated to
under the provisions of Section
13 of the Public Act 175, Mich-
igan, 1951, as amended, for the
foregoing purposes.

AND WHEREAS, the City Council
deems it to be in the best in-
terests of the City of Grayling to
finance the costs of said improve-
ments by borrowing the sum of
Forty-two Thousand (\$42,000.00)
Dollars and issuing bonds of the
City thereof, pursuant to the pro-
visions of Act 175, Public Acts of
Michigan, 1952, as amended,

AND WHEREAS, the revenues
received by the City of Grayling
from the Motor Vehicle Highway
Fund pursuant to the Public
Acts of Michigan, 1951, as amend-
ed, and the Highway Construction
Fund, in the five (5) years immedi-
ately preceding the contemplated
borrowing are not sufficient to
comply with all the require-
ments specified in Section 4 of
Act 175, Public Acts of Michigan,
1952, as amended,

NOW, THEREFORE, BE IT RE-
SOLVED, BY THE CITY COUNCIL
OF GRAYLING, MICHIGAN:

1. The plans and estimates of
the cost of the street improve-
ments as set forth in the preamble
hereto, are hereby approved and
adopted.

2. The period of usefulness of
said street improvements as set
forth in the preamble hereto is
estimated to be not less than
twenty-five (25) years.

3. The City Council of the City
of Grayling, County of Crawford,
Michigan, hereby authorizes the
borrowing of the sum of \$42,000.00,
and issue bonds of the City there-
for pursuant to the provisions of Act
175, Public Acts of Michigan,
1952, as amended, for the purpose
of providing funds to pay the cost
of the said street improvements.

4. Said bonds shall be designat-
ed 1959 MOTOR VEHICLE HIGH-
WAY FUND BONDS, and shall

NOTICE OF SALE
\$42,000.00
CITY OF GRAYLING, COUNTY
OF CRAWFORD, MICHIGAN
1959 MOTOR VEHICLE HIGH-
WAY FUND BONDS

Sealed bids for the purchase of
1959 Motor Vehicle Highway
Fund Bonds to be issued by the
City of Grayling, County of
Crawford, Michigan, of the par
value of \$42,000.00 will be re-
ceived by the undersigned at the
City Hall, Grayling, Michigan, un-
til 7:30 o'clock p. m., Eastern
Standard Time, on the
day of _____
1959, at which time and place said
bids will be publicly opened and
read.

Said bonds will be dated August
1, 1959, will be 42 coupon bonds
of the denomination of \$1,000.00
each, will be numbered consecu-
tively in direct order of their ma-
turities from 1 to 42, both in-
clusive, and will bear interest from
their date at a rate or rates not
exceeding five (5%) per cent per
annum, expressed in multiples of
1/8 of 1%, said interest to be pay-
able on February 1, 1960, and
semi-annually thereafter on Aug-
ust 1st and February 1st of each
year. The interest rate for each
coupon period on any one bond
shall be at one rate only. Accrued
interest to the date of delivery of
such bonds must be paid by the
purchaser at the time of delivery.

Said bonds will mature serially,
without option of prior redem-
ption, as follows:

Bonds	Principal	Maturity
1/4	\$4,000.00	August 1st of each year
5/8	4,000.00	August 1st, 1960
9/12	4,000.00	August 1st, 1961
13/16	4,000.00	August 1st, 1962
17/20	4,000.00	August 1st, 1963
21/24	4,000.00	August 1st, 1964
25/28	4,000.00	August 1st, 1965
29/32	4,000.00	August 1st, 1966
33/36	4,000.00	August 1st, 1967
37/42	8,000.00	August 1st, 1969

Both principal and interest will
be payable at a bank or trust
company to be designated by the
purchaser of the bonds.

For the purpose of awarding the
bonds, the interest cost of each
bid will be computed by deter-
mining at the rate of interest
specified in the bid the total dollar value
of all interest on the bonds from
their maturity and deducting
therefrom the premium. The
bonds will be awarded to the bid-
der whose bid on the above com-
putation produces the lowest in-
terest cost to the City. No propo-
sal for the purchase of less than
all of the bonds or at a price less
than their par value will be con-
sidered.

The bonds are to be issued pur-
suant to the provision of Act 175,
Public Acts of Michigan, 1952, as
amended, and are issued in anti-
cipation of Motor Vehicle Highway
Fund payments to be received by
the City of Grayling, and said
bonds will pledge the full faith
and resources of the City of Grayling
for their payment.

A certified or cashier's check in
the amount of \$840.00, drawn up-
on an incorporated bank or trust
company, payable to the order of
the Treasurer of the City of Gray-
ling, must accompany each bid as
a guaranty of good faith on the
part of the bidder, to be forfeited
as liquidated damages if such bid
is not accepted and the bidder fails
to take up and pay for the bonds.
No interest will be allowed on
the good faith checks and checks
of unsuccessful bidders will be
promptly returned to the bid-
der's representative or by regis-
tered mail.

Bids shall be conditioned upon
the equally and opinion of Miller,
Canfield, Faddock and Stone, at-
torneys of Detroit, Michigan, ap-

proving the legality of the bonds.
The cost of such opinion shall be
paid by the City. Bonds will be
delivered at Detroit, Michigan.
The right is reserved to reject
any or all bids.

Envelopes containing the bids
shall be plainly marked "Propo-
sals for Bonds".

SUDDENLY THE FUTURE IS HERE

For 400 years men the world over have dreamed of the future of a great area of the North American continent, a future which would come from changing the face of the earth.

They dreamed that by a tremendous feat of engineering the St. Lawrence River would become the St. Lawrence Seaway, that thus the Great Lakes would become the world's eighth sea, and the whole Great Lakes area would become a center and source of world commerce such as you could hardly imagine the heart of a continent to be.

Now the St. Lawrence Seaway is open. The face of the earth has been changed. The dream has come true and suddenly the future is here.

What will it mean to our town? Can we keep pace with the future that has suddenly arrived all around us? We can do it by working together, solidly together on programs for the sound development of our community and the growth of business in our town.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.
